

ENTER NOW!

THE ONLY WAY to see Diesel Power Challenge (besides watching the live feed, viewing videos on the MOTOR TREND YouTube Channel, or visiting DieselPowerChallenge.com) is to actually be there in the middle of the action. There is no secret to getting the invite—all you have to do is send in this form. If your truck has what it takes to be competitive in our dyno, acceleration, towing, braking, fuel consumption/driveability, and sled pull events—you may just get the call to compete with other hard-core diesel enthusiasts at this premier competition. Your exploits will then be recorded in the pages of *Diesel Power* and posted on the web—it's that simple.

For 2018, we're going to have you choose the 10 trucks that will compete for the Diesel Power Challenge title. That's right, we'll publish the photos of the top diesel entries we get, and then we'll have you vote on which trucks get to battle it out. So, send in high-resolution photos (the original files from your camera or phone) of your truck (exterior, interior, engine, accessories, and so on) with your entry form. Engine-swapped entries will be classified by vehicle brand. All entries must be received by October 31, 2017.

VEHICLE OWNER

Name: _____ Age: _____
Street address: _____
City: _____ State: _____ ZIP code: _____
Best/cell phone number: _____ Occupation: _____
Club, website, or racing organization you belong to: _____
